GARDEN MULTITOOL 4-IN-1 40V - POWDPG7553

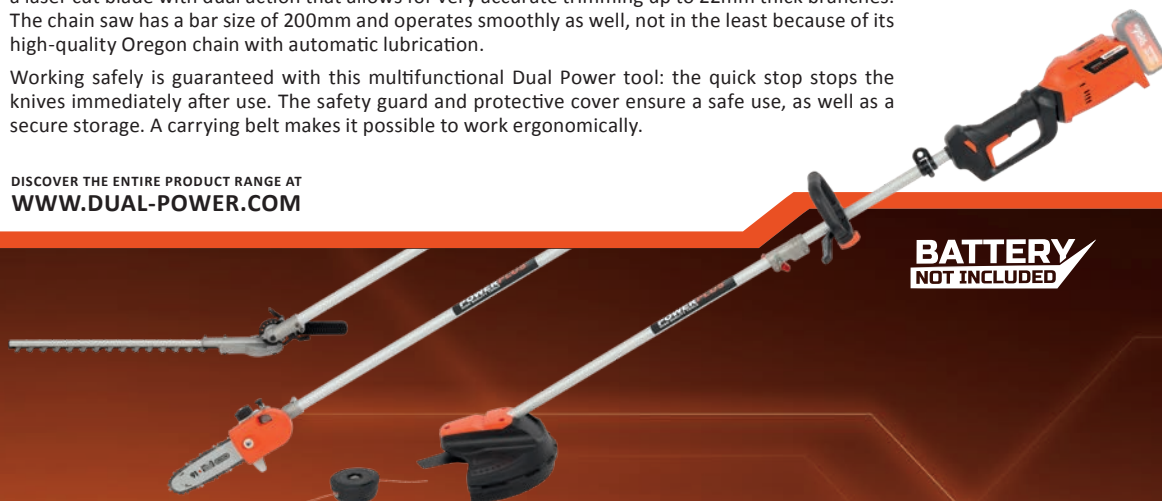

This 4-in-1 garden tool from Dual Power is perfect for almost every gardening task. It can be transformed into a hedge trimmer, grass trimmer, brush cutter and a chainsaw. Thanks to its shaft length of 1000mm, the versatile tool is ideally suited for cutting high hedges and inaccessible shrubs. Another major benefit of the POWDPG7553 is its brushless motor: a powerful and durable engine that produces less vibrations and requires only little maintenance. Because the tool is powered by a powerful 40V Dual Power battery, there is no hassle with extension cords, guaranteeing total freedom of movement.

The brush cutter has a cutting width of 255mm, whereas the grass trimmer offers one of 320mm. The grass trimmer makes use of a 5m long trimmer line with a tap & go system. Simply tap the head on the ground and a new length of line is released.

The multi garden tool can also be transformed into a 410mm-hedge trimmer. This trimmer features a laser cut blade with dual action that allows for very accurate trimming up to 22mm thick branches. The chain saw has a bar size of 200mm and operates smoothly as well, not in the least because of its high-quality Oregon chain with automatic lubrication.

Working safely is guaranteed with this multifunctional Dual Power tool: the quick stop stops the knives immediately after use. The safety guard and protective cover ensure a safe use, as well as a secure storage. A carrying belt makes it possible to work ergonomically.
