POWX00425

# DRILL/SCREWDRIVER 16V LI-ION

With this cordless 16V Powerplus drill/screwdriver you drill holes in shelves or you assemble a new table. You'll have a 2 function (drilling and screwing) tool in house.

The auto locking chuck (10mm diameter) makes it very easy to change bits and drills. With the left/right you can choose between fastening and loosening. Working in poorly lit spaces is not a problem: the LED worklight gives you a good overview. You operate the Powerplus screwdriver very comfortably thanks to the soft grip. Finally, the quick stop also takes care of your safety and comfort, as it immediately stops the chuck from turning.

With the POWX00425 you enjoy total freedom of movement while drilling. On the one side you can choose between two different speeds settings and 19 torque positions (18 + 1 drill function). On the other side you can keep on working twice as long thanks to the charger and 2 batteries that are included. The status indicator shows you the charge status of the battery. All this material doesn't need to stay lying around: you nicely put everything in the BMC.

TECHNICAL SPECIFICATIONS POWX00425		Features	Box content	Symbols
Rated voltage	16V $\equiv$	<ul style="list-style-type: none"> <li>• 2 functions: screwing/drilling</li> <li>• 10mm keyless chuck</li> <li>• Left/right function</li> <li>• Soft grip</li> </ul>	1x drill/screwdriver
